DEAD.

Judge Grant Gregory Laid to Rest
In The Cloverport Cemetery.

Was a Most Honorable and Highly Respected Citizen.

Resolutions Passed by the City Council and His Lodge.

In the death of Grant Gregory Cloverport loses one of her best citizens. He was a quiet useful citizen and a man whom everybody liked. No man had friends or fewer enemies than Grant Gregory. He was born and reared here. He loved his town and his people. He was always ready and willing to help his town and his friends. No man ever asked a favor of him which he did not readily grant if it was in his power. He was a humble man, a God-fearing man, a man whose word was as good as his bond. Never a harsh word did he utter against his neighbor. A true man, a loving husband, a devoted father, he has gone from among us.

Grant Lewis Gregory was born in June 1843 and was a little over fifty-three years of age when he died last Friday. He was married March 27, 1872 to Miss Lucy Simmons, with whom he had two sons, Orville and Emmet, and one daughter, Mrs. J. D. Gregory, which firm has had a continual and successful career for more than twenty-eight years. He was deputy sheriff for two years, and H. H. Hays. He was elected Judge of this city in 1881 which office he held up to a short time before his death. He was a charter member of Clover Lodge A. O. U. W. which was organized here some five years ago and was the first member the lodge has lost by death since its organization in this city.

His funeral was held at his residence Sunday afternoon and conducted by the Rev. Donald Grant, S. G. Shelby and W. B. Rutledge. He was buried at the Cloverport cemetery by the members of his lodge in their beautiful and impressive ceremony in the presence of a large concourse of friends.

Resolutions Adopted by the Clover Lodge No. 42 A. O. U. W.

The following resolutions were passed on the death of Bro. L. G. Gregory and a copy to be inserted in the Breckenridge News and also a copy to be sent to the deceased brother's family.

Whereas, It has pleased Almighty God in his good providence to send the death angel to our lodge room to summon our beloved brother to another and better life;

Resolved, That in our dear brother's death this lodge has sustained a severe loss and the A. O. U. W. lost a valuable member.

Our brother has passed the burden from which no traveler returns bringing us to realize that sooner or later we shall have to follow, therefore be it

Resolved, That this lodge extend to our deceased brother's family its profound sympathy and earnestly pray that they may rely upon the strong arm of God who is the protector of the widow and the fatherless.

Our dear brother's voice will no longer be heard in our councils but we hope and trust that he is now singing the psalm of his Redeemer around the throne of God in heaven.

Truly can it be said of our dear brother that he practiced the principles of the order, that he loved to be first in charitable deeds, buoyant in hope and in a member of the A. O. U. W. throwing the great arms of protection of our order around his family.

May his memory ever be kept in the hearts of the members of Clover Lodge No. 42.

Christmas was very pleasant here. Santa Claus was unusually good to the little folks, Christmas gifts were numerous, and the young people enjoyed themselves at parties where all went merrily.

Conductor Telford told your correspondent New Year's night that he was then beginning his eighth year with the road. His popularity will doubtless hold him eight years more if he chooses to remain.

Upland pupils were generally thoughtful of their teachers when they happily Christmas season came. These reminders of friendship all tend to make us believe, "Like is loved like," and that Glendene still has the heart when it comes to unselfish people.

W. C. Moorman recovered something over a \$100 worth of clothing last week, that had been stolen from him. A young colored fellow had been carrying it away in small lots until his success had rendered him careless, which carelessness led to his discovery and arrest.

STURGIS, KY.

It is unusually so, when one goes and pleasantly visits, he often sees with magnifying eyes, and though in the main he has a truthful eye, his accounts are not entirely reliable. Then it becomes to us, after an enjoyed visit to friends in this country, to be quite guided by my description. Forgetting therefore, if coming across your numerous friends and kindred of those people, and assuming the nonexistence of an experienced and less youthful traveler, I'll to the point.

Union is one of the best counties in the State and, and as many do, we find a trick here both of corn and wheat exceed that of any of our 118 sister counties. Much of the land is low and level, and does not require serious labor with the yield from her fertile soil, but year being one of her best years. Drainage, however, is becoming thorough and better results will follow later.

At Sturgis, Mr. Long, proprietor and owner of the shoe and brick factory, was careful to show us through his establishment, explaining as he went and cheerfully answering our numerous inquiries. The proper calls are at hand for salt and firebricks and any amount of tilting. His complaints of hard times and diminished trade in consequence.

But to Sturgis. It is a new town, begun eight or nine years ago and growing steadily—there are several new houses going up now—it is now entitled to organization into a city, and it is, it is just such a good country town as delights you to see. Its people, nearly all farmers until recently, are fast country people in heart and action—the best people in the world. Examine our town residents, but as some one has said, "God made the country, but man made the town," and it sometimes seems that the town has been made for the people in the world.

He is in due health, excellent spirits, active as a boy, talkative as a girl, constantly on the lookout for pupils and school success, and has a bright prospect before him.

He and his wife are doubtless fixtures at Sturgis and will soon receive those wealthy farmers, mine owners, etc., to the importance of thorough schooling for their girls and boys. Both men are more than pleased with the little city and its hospitable people.

Sturgis is preeminently a city of churches. (The need need be a Washington and in the West across the Potomac) to stand in his tracks and with five stone reach so many different churches did he choose to reach them by throwing.
